CAN represents up to 250% of the Federal poverty income guidelines.

If your household income, including everyone in it who is contributing earnings, is more than the maximum household income per year on the above chart, please call our office to discuss other possible options.

Please note, there are other areas where CAN is able to assist you in your journey through cancer, regardless of income:

- You CAN have access to our resource and referral program by calling our office with any inquiries. You will be provided with volumes of information on your specific cancer, side effects, and other information and resources which would address your issues and concerns. Take advantage of this important resource.
- You CAN attend our bi-weekly support group sessions, along with your caregiver if desired. These are held every other Friday of the month in both English and Spanish speaking sessions. All sessions are led by CAN’s Licensed Mental Health Counselor
- You CAN participate in nutrition classes for cancer survivors and their caregivers – reservations required, as space is limited
